

DZ-400/2SB Vacuum Packing Machine

DZQ-400/2F single-chamber vacuum packer is designed for packaging food and non-food products. Ideal for restaurants, retail stores, and packaging facilities. It removes air from flexible packaging materials (PP, PE, PET vacuum bags), extending shelf life.

Description

Model	DZ-400/2SB
Voltage	220V/380V
Sealing power	0.8KW
Pump Power	0.75KW
Production Speed	2-4 Times/min
Sealing Size	400*10*2mm
Chamber size	500L*450W*40H
Machine Size	1080L*750W*1020H
Machine Weight	156 KG
