

XT-HRC Automatic High Speed Rotary Capping Machine

Model XT-HRC-6 rotary pressing machine fuses the advantages from famous company abroad. Production this pressing machine after technical reform.

The machine move bottle to auger conveyor, Next move to capping machine by Star wheel, then card bottle and capping, Finally Move to conveyor by star wheel.

Technical Parameters:

Bottle size	$\Phi 30 \sim \Phi 90 \text{mm}$, 40-150mm(Height)
Lid Size	$\Phi 15-60 \text{mm}$
pressing Head	6 head
pressing Speed	80-110bpm
Power	AC380V 50HZ
Power supply	≤ 3 (kW)
Weight	About 2000KG
Machine Size	3135 \times 1360 \times 2400 (L \times W \times H) (mm)
