

LTB-C Vertical type Automatic Labeling Machine

LTB-C is economical, self-contained, easy to operate, equipped with LCD screen & PLC control system. Built in microchip storing different job setting makes fast and easy changeover.

This automatic labeling system is ideal for small cylindrical container with diameter from 12 mm - 45 mm such as vials or eye drop bottles.

Features

- Labeling speed up to 200 bottles/min
- LCD & PLC control system which is easy to control
- Simple straight forward operator controls
- On-screen trouble description which is easy to solve
- Stainless steel frame
- Open frame design, easy to adjust and change the label
- Variable speed with step motor
- Label count down (for precise run of set number of labels) to auto shut off
- Stamping coding device attached (coding direction could be switched)

Technical Parameters

Labeling speed	80 - 200 bottles/min (according to the specification, shape of bottle and length of label)
Bottles size	Φ12 - 45 mm, height (can be customized based on the requirements)
Power	300 W
Power supply	AC, 220V/50HZ 1 phase or customized
Working direction	Left → Right (or Right → Left)
Net weight	150 kg
Overall size	1130x700x900 mm (Length x Width x Height)
