

## ***DXD-400 Bucket Automatic Packing Machine***

Suitable for packaging materials like all kinds of fried food, shrimp, sweets, chocolate, biscuit, seeds, frozen food, daily products, hardware and medicine.

### **Features**

Reasonable design, simple structure, controlled by single-chip computer; stepping motor; convenient and correct bag length setting simple, fast speed regulation. Optional: continuous packaging control device, gas-filled device (air source supplied by users).

### **Technical Parameters**

包装速度	Packing speed	15-60包/分(bags/min)
制袋尺寸	Bag-making size	L: 60-250mm W: 60-180mm
计量范围	Filling range	50-850ml
包装膜宽	Film width	140-400mm
包装材料	Packing materials	OPP、CPP、PET、PE 等复合材料
薄膜厚度	Film thickness	0.04-0.08mm
卷膜直径	Film diameter	Max.320mm
电源功率	Power supply	AC 220V 50/60Hz 2.5kw
机器尺寸	Overall dimensions	1100×800×2150mm
整机重量	Weight	400kg
