

## *Pillow Type Candy Packing Machine TB800 / DXD1200*

This machine is suitable for simple-grain hot pillow type packing of the candy. It adopts frequency conversion activator to adjust the speed, and equipped with a photocell to track the color mark, low noise, and high speed.

### **Features:**

- Automatic shows error, safety shield, safety switch
- Touch screen design, Easy operation
- Less empty bags, steady packing capacity
- Easy to change spares, the whole structure designed for long-time using;
- Low noise

**Technical Parameters:**

Model	TB800	DXD1200
Production Capacity	≤800 Grain/min	≤1200 pcs/min
Candy shape	Rectangle.squate.round.ellipse.column and special	
Overall Dimesions	2700x1350x1450mm	2800x1350x1720mm
Power Supply	220v 50hz	220v 50hz
Total power	3.5KW	3.5KW
Packing Material	Hot-sealing materials such as OPP,  CPP, PET metallized film, Al-plastic film,  Paper-rubber complex	
Machine weight	980kg	1400kg
