

MD-160-06 Pyramid Tea Bag Packaging Machine

The MD-160-06 pyramid tea bag packing machine features an electronic load cell for precise measurement, making it suitable for packaging materials such as green tea, black tea, flower tea, coffee, Chinese tea, health tea, herbal tea, and granules. The MD-160-06 triangle tea bag packaging machine is designed for seamless material changes, maximizing efficiency and flexibility in tea bag production. This type of triangle tea bag packaging machine can make both rectangular and triangular tea bags from Nylon, PET, Nonwoven, and PLA films. This triangle tea bag packaging machine works automatically with feeding, counting, bagging, sealing, cutting, etc.

Features

1. The MD-160-06 pyramid tea packing machine is designed for high efficiency, operating at up to 50 BPM.
2. Triangle and flat tea bags can be switched with a single click on the pyramid tea packing machine.
3. The pyramid tea packing machine has multiple formulas for packing tea bags made of various materials.
4. The tea pouch packaging machine incorporates an automatic alarm and stop down feature for production and safety issues.
5. The teabag packing machine operates under closed conditions, making it safe and reliable.
6. PLA materials are available on working such pyramid tea bag packaging machine.

Parameters

Model	MD-160-06		
Measurement Method	Load-Cell Weigher		
Production Efficiency	50-60 bags/min		
Inner Bag Size	120mm, 140mm, 160mm (Customizable)		
Packing Accuracy	±0.2G (Depending On Material Conditions)		
Power Supply	1.5kW/220V	Air Consumption/Pressure	6-8bar/0.3m³/min
Machine Dimensions (L.W.H)		Machine Weight	420kg
