

DLTB-C Automatic Labeling Machine

DLTB-C is economical, self contained, easy to operate, equipped with auto teach programming touch screen. Built in microchip storing different job setting makes fast and easy changeover.

This automatic labeling system is ideal for small container with diameter from 12 mm - 45 mm, such as vial or eye drop bottle.

Features

- Labeling speed up to 250 bottles/min
- Touch screen control system with job memory
- Simple straight forward operator controls
- Full-set protecting device keep operation steady and reliable
- On-screen Trouble Shooting & Help Menu
- Stainless steel frame
- Open frame design, easy to adjust and change the label
- Variable speed with step motor
- Label count down (for precise run of set number of labels) to auto shut off
- Stamping coding device attached

Technical Parameters

Labeling speed	100-250 bottles/min (according to the specification, shape of bottle and length of label)
Bottles size	Φ12 - 45 mm, height (can be customized based on the requirements)
Power	280W
Power supply	AC,220V/50HZ 1 phase or customized
Working direction	Left → Right (or Right → Left)
Net weight	160 kg
Overall size	1200x650x1200 mm (Length x Width x Height)
