3114 Dual Action Tamp Label Applicator

The Label-Aire Model 3114 Label Applicator represents the ultimate in dual action tamp pressure-sensitive labeling technology.

The Model 3114 Dual Action Tamp labeler is simply the most advanced two-panel labeler on the market with its intelligent controller, impressive speeds, and high accuracy.

The user-friendly 3114 Dual Action Tamp Label Applicator features Automatic label setup, Quick-Action collapsible rewind, and a large R3 digital display that is Rotateable, Remoteable, and very Readable. Adding to its versatility, the 3114 Dual Action Tamp can be oriented nose-up, nose-downb or reels-up. With five onboard user-selectable languages, domestic or CE (European) configurations, and standard/metric unit display, the 3114 Dual Action Tamp can handle almost any PS labeling application on the planet.

Automatic setup with multiple programmable label pages for easy changeovers to different label sizes.
R3 digital display with five languages (English, French, German, Italian, Spanish) and detailed alarm message
Quick-Action collapsible rewind for easy removal of scrap liner.
Optional smart powered rewind for improved label accuracy and dynamic web tension control.
