

## *Auto Sleeving Machine D SVC-EBII*

### **MACHINE FEATURES**

- 1.Can be fully integrated within production line.
- 2. Safety guards and color touch panel control system ensure unit is user friendly.
- 3.Specially designed cutter plate does not need changing within rated specifications. If necessary,changes can be accomplished in only three minutes.
- 4.Forceful insertion designs could lower producing cost for you.
- 5.Integrated adjustment design for the entire transmission maximizes versatility for accommodating different label specifications.
- 6.Accommodates film paper core size from 5"-10" with variable adjustments.
- 7.Use PC-BASED control for increased accuracy and speed over conventional controls, as against the conventional PLC control

### **Innovative Features**

- Double Head Functions:
  - 1.Two head mandrels can produce at the same time with production speed up to 720BPM/180mm when two heads are in operation.
  - 2.In case machine head no. 1 or head no. 2 is under repair or needs trouble-shooting or label splicing, one head can do the production with 600BPM/180mm speed label length.
  - 3.Machine head no.1 and head no.2 can produce different labels, for example ,one head with body sleeve, the other head with cap sealing , in the same production line at the same time.
  - 4.When machine head no.1 is in operation and head no.2 is on standby,but once machine head no.1 is abnormal, head no.2 can start production automatically to keep production performance.
- Distinctive Functions:
  - 1.Do not need to adjust bottle sensor ,sleeve speed can be arbitrarily changed .
  - 2.Using thinner shrink label at substantial film cost reduction.
  - 3.Ten recipes can be saved.Do not need to reset the adjustment parameters for different bottle shape.

## Specification

Max speed	720BPM。
Bottle Diameters	φ25mm~φ125mm。
Film Material	PVC /PET /OPS。
Film Width	PVC: 0.035mm~0.08mm, PET: 0.04mm~0.06mm,OPS: 0.04mm~0.06mm 。
Machine Size	2214mm*1550mm*2752mm(L*W*H) 。
Voltage	3P;220V,380V,415V,440V(Choose one from the given selection)。
