

ALT-C Round Tube Labeling Machine

This equipment automatically completes the automatic feeding, positioning, labeling, pressing and ensures label consistent alignment, the action is accurate and stable. It is specially designed for high-speed bottling machines and can be operated online.

Technical parameters

Power supply	AC220V 50/60HZ
Power	0.9KW
Labeling Speed	0-300 tube/min (According to the bottle size and label size)
Labeling Accuracy	±0.5mm (Except the error of the labeled object and labels)
Tube Diameter	20-120mm
Label Size	H20-30mm L25-100mm
Temperature Control	40~100°C±3°C
Max.Label Roll Size	Outer dia.380mm, Inner dia.76mm
Weight	100KG
