

Automatic Tea Bag Packing Machine SMFZ-500

This product has been excellent engineers carefully study design, the use of microcomputer control of optical technology, high accuracy, fast, good quality, solve the traditional tea packaging tedious process. Automatic dozers several labor equivalent amount of tea production and tea shop is a good helper.

Application:

Suitable for tea, food, food, seeds, fruit, grain shape chemicals and pharmaceuticals, micro and small components such as general non-sticky solid materials.

Features:

Automatic packaging effect, use white paint clear clean appearance of high-end, fit in factories, stores, outdoor, and so on. Install a mechanical shaker inside the packaging machinery can not stick when the powder. Can be connected to work with a variety of combinations of installed capacity. Speed about 3 seconds/pack. Use the back seal, seal up the bag more beautiful, cursor positioning, cut out the bag more accurate, high-quality products. In addition the combination of the two machines into fully automatic packaging machines, above that small units of installed units can also win other items of equipment weighing below that Taiwan also can be used alone, and this is the biggest advantage of the combination, it can be used as full-automatic, semi-automatic, can be used as. Suggested pro choice combination products, cost-effective, practical and convenient.

Specification:

Product model:	SM-FZ-500
Degree of automation:	Full Automatic
Voltage:	220v 50HZ/110v 60HZ can be customized
Power:	200W
Used for tea bag	Used for tea bag,plastic bag,filter paper bag,aluminium foil bag etc.
The Film thickness:	0.5mm-0.8mm
Bag-Making Width:	finished product 19CM Coil on 38CM(can customize former size)
Bag-Making Length:	4-22CM(adjustable)
Preision:	0.2G
Dimension:	430*510*1400MM
Weight:	90KG
