This machine is Suitable for round bottles like PET bottle, plastic bottle, glass bottle, metal bottle, etc. Widely used in cosmetics, beverage, foodstuff, food, medical industries. Rapidly raise the production efficiency, and the label quality.

Technical Parameters

- Machine Model LT-600
- Power supply AC220V 50Hz/60Hz 1500W
- Labeling capacity 60-350 pcs/min (depends on bottle size)
- Labeling material thickness 20-120mm
- Labeling material height 30-350mm
- Label size(mm) (L)25- 300mm (H)15-200mm
- Roll inside(mm) $\Phi 76$ mm
- Roll outside diameter(mm) $\Phi 350$ mm
- Machine size (mm) About 1270*1110*1680mm
- Packing Size About 2200*1360*1850mm
- Gross weight About 510kg
