

HC-180S/240S Horizontal Doypack/Stand Up Pouch Packing Machine

This machine can package various materials including liquids, powders, granules, pastes, sauces, etc. The bag shapes are ordinary stand-up bags, special-shaped bags, hanging hole bags, zipper bags, etc. It is mainly suitable for food, daily chemicals, medicine, agrochemicals and other industries.

Main technical parameters

Model	HC-180S	HC-240S
Type of Pouch	Doypack, Shape, Hanging Hole Pouch	
Min. pouch size	70*100mm	120*130mm
Max. pouch size	180*250mm	240*320mm
Packing speed	30-50ppm (100PPM duplex model 100PPM)	
Packing range	≤1200ml	≤2000ml
Packing station	1	1
Powder	8KW	10KW
Volt	380V 3P 50Hz.	
Air consumption	200L/min	300L/min.
Air Pressure	0.7MPa.	0.8MPa.
Machine weight	2300kg	2800kg
Machine dimension	6450*1100*1400mm	7500*1250*2000mm
