

LT-320F Automatic Sachet and Stick Packing Machine

LT-320F Auger-type packing machine adopts microcomputer chip control, 5-inch large-screen LCD display, simple and easy-to-use interface, photoelectric eye tracking detection, precise sealing and cutting, optional installation: date printer, exhaust or inflation device.

LT-320F Auger-type plastic bag coffee automatic packaging machine is suitable for automatic packaging of spice powder, coffee powder, flour, bean powder, lotus root powder, ganoderma powder and other non-oily dry powder materials.

Features

1. Adopt 5-inch color touch screen with beautiful appearance and clear operation interface. PLC control system, the machine runs stably.
2. Machine can measure the packaging bag, no need for manual measurement, saving adjustment time
3. Machine with cursor positioning function. Just touch the screen to move the photoelectric eye without manual operation.
4. Adopt special photoelectric capture and rectification technology to improve photoelectric precision. Automatically identify dark and light colors without switching photoelectric eyes.

Technical Parameters

Model	LT-320F
Voltage	220 V 50 HZ/110 V 60 HZ
Power	2.2 KW
Weighing Range	1-10 g/5-5- g/25-100 g
Auger Diameter	19 mm/21 mm/32 mm
Packing Speed	20-40 bags/min
Bag Width	30-140 mm (Customized, bag former need change if for different width)
Bag Height	40-160 mm (Adjustable)
Film Width	Max 300 mm (Back sealing)/ Max 280 mm (Three or four sides sealing)
Film Thickness	50-80 microns
Film Material	Plastic film, aluminum foil film, filter paper, non-woven fabric
Dimension (L*W*H)	1720*740*1050 mm
Weight	280 KG
