

HC-180SZ/240SZ Horizontal Zipper Doypack Packing Machine

This machine is specially designed for zipper bags, and can also add special functions, such as hanging holes, special shapes, etc. It is suitable for packaging various materials such as liquids, powders, granules, pastes, sauces, etc.

Technical Parameters

Model	HC-180SZ	HC-240SZ
Type of Pouch	Zip Stand Pouch	
Min. pouch size	70×100mm	100×120mm
Max. pouch size	180×250mm	240×320mm
Packing speed	<50 Pouch/min.	
Filling range	≤1000ml	≤2000ml
Filling station	1	1
Main Power	10kw	12kw
Volt	380V 3P 50Hz.	
Air consumption	400L/Min.	500L/Min.
Air Pressure	0.7MPa.	0.8MPa.
Weight	2500kg	2800kg
Machine Dimension	7200×1500×2000mm	7500×1250×2000mm
