

## ***Deep Single Chamber Vacuum Machine DZ-400DC***

Vacuum chamber is shaped with 304 stainless steel which could avoid of acid and other corrosion. With micro-computer operation system, operation will be more easier, faster and exacter.

### **Product Details**

- Vacuum chamber is shaped with 304 stainless steel which could avoid of acid and other corrosion.
- With micro-computer operation system, operation will be more easier, faster and exacter.
- The brand new item is suitable for sealing various food, meat, sea food, vegetables and fruits, medical products, metal products, and medical applicants and so on.
- Small volume, light weight, low energy consumption and automatic control operation
- Fits for stores, supermarkets and family.
- Sealing temperature range is extensive so that this machine fit for different materials of packaging bags.
- On control panel there is an emergency "stop" button. If the packaging turn to be abnormal in the process of air extraction, push down the emergency "stop" button, that is stop the packing procedure immediately.
- It is easier and quicker to change the sealing heating wire.
- This machine takes plexiglass as cover to ensure you can see the whole vacuum process.
- This machine can be applied to anywhere to do vacuum pack, application includes but not just like food, electronics, steel works, PCB and other component.
- Product packed by this machine can get a longer storage time, food can extent 18month generally.

**Parameters:**

Model	DZ-400/DC
Voltage (V/Hz)	AC 380/50 220/50 110/60
Motor power (W)	900
Sealing Power (W)	450
Ultimate Vacuum Pressure (Kpa)	1
Sealing Width (mm)	10
Chamber Dimension (L×W×H) (mm)	420×590×210
Vacuum Pump capacity (m3/h)	20
Material for Vacuum Chamber	SUS304
External Dimensions (L×W×H) (mm)	490×700×970
Net Weight (Kg)	Approx.93
