

## ***SF-200F Automatic Top Surface Flat Bag Box Jar Labeling Machine***

The automatic flat surface labeling machine is suitable for labeling in food, daily necessities, chemicals, express delivery and other industries. Such as fruit, meat, bottle caps, flour bags, express boxes, packaging bags, etc.

### **Features**

1. This machine can be used for bottle caps, bags, boxes, etc. with self-adhesive labels.
2. The labeling head is controlled by servo motor, which has higher labeling accuracy and higher work efficiency.
3. The label rack adopts a double-stage clutch design, which runs smoothly and reliably, and effectively prevents paper jams.
4. Adopt Mitsubishi PLC control system to realize intelligent operation of equipment, easy adjustment and maintenance.
5. Set machine parameters through the touch screen, support multiple languages, and the operation is simple and easy to understand.
6. With multiple high-precision sensors, it can realize no labeling without materials and reduce label waste.

## Specification

Labeling speed	10-40meters/min
Labeling accuracy	±1mm
Label width	30-100mm (can be customized)
Applicable product size	Φ30-Φ80mm (can be customized)
Applicable inner diameter of paper	Φ76mm
Applicable outer diameter of paper	Max. Φ300mm
Air source	4-6KG 30L/min
Dimension	2000(L)*800(W)*1500(H)mm
Voltage	220V, 50/60Hz, 2KW
Weight	250KG
