

Multipurpose Vegetable Cutting Machine ACD-800

The ACD-800 Multipurpose Vegetable Cutting Machine is a compact, easy-to-use, and high capacity cutting machine. It can automatically dice, julienne, slice, and chop leaf, stem, and root vegetables, such as green scallion, celery, chili, cabbage, carrot, potato, onion, cucumber, and ginger into required size, even ham and meat. Not only the shape but the thickness and length are able to modify. And there are different types of knife disc for choice.

Features:

- By changing the cutting sets, it can cut various kinds of vegetables into dices, shreds, slices, strips, and various shapes.
- Suitable for most root vegetables, stem tubers, and fruits. Please note that bigger leaf vegetables, such as cabbage, need to be roughly cut by hand first.

Technical Parameters:

- Dimensions: 1,100 (L) x 490 (W) x 1,070 (H) mm
- Power: 1.5 kW
- Capacity:
- Leaf vegetables: 200–1,000 kg/hr
- Root vegetables: 200–600 kg/hr
- Product dimension:
- Slice: 4 mm, 12 mm
- Dice: 12 x 12 mm, 20 x 20 mm
- Shred: 4 mm
- Controlled by inverter. Size is unadjustable.
- Weight (net): 165 kg
- Weight (gross): 220 kg
