

RX 600 Pillow Packing Machine System

Main performance and functional characteristics:

- >High precision photoelectric eyes control follow-up, exact seal position.
- >Main control circuit takes use of single chip and transducer to control drive, well interface for easy operation.
- >Independently control seal temperature, fit for various kinds of packing materials with nice and firm seal.

Usage:

- >Suitable for the packing of biscuit, bread, moon cake, candy, medicine, ordinary paper boxes or salver and such kinds of solid regulated materials.

Technical Parameters

Model	RX 320	RX 600
Bag Sizes	L 65 ~160mm W35~100mm H5~35mm	(Diameter)114 (Diameter)150
		L80-340mm W80-240mm H20-60mm
Packing Speed	35 220包/min	15~250bags/min
Electrical source and power	AC220V, 50-60Hz, 3KW	AC220V, 50-60Hz, 3KW
Total weight	550kg	1050kg
Outer dimension	L4000×W920×H1600mm	L4200×W1005×H1500mm
