

## *Case Erector Model SBM-CE25*

The Model SBM-CE25 case erector is an automatic carton sealer system that erects and bottom seals corrugated cases at speeds up to 1500 cases per hour. Our value-priced case erecting equipment is ideal for applications that require more throughput than manual case erecting can provide. This versatile carton erector system creates instant labor savings and increased production for a wide range of medium-speed applications. With industry-leading standard features like powered magazine and low-case and low-tape alarms, and fast no-tool changeovers, the Model SBM-CE25 carton erector is a simple, operator-friendly solution for your packaging line.

### **Features**

- High-capacity powered case magazine holds 50-80 cases (depend on the thickness of case)
- Small footprint design minimizes floor space
- Low-case & low-tape alarms with stack light assure continuous operation
- Safety interlocked guarding restricts access to moving parts
- UP to 25 cases per minute operation for high speed packaging lines
- Labor saving design
- Square, tightly sealed cases
- Easy operation
- Fast changeovers

## Technical Info

Model	SBM-CE25
Speed	up to 25 cases per minute
Case Size	L (250-380) *W (150-280) *H (130-380) mm, L+W<=630mm, 210<=H+W/2<=520mm
Tape Width	48mm, 60mm, 75mm
Power consumption	0.75kw
Power supply	AC220V/50Hz AC380V/50Hz Optional
Workable Height	1050mm
Air Pressure	5-6kgf/cm <sup>3</sup> , 450nl/min
Dimension	(L)2100*(W)1250*(H)1840mm
Machine Weight	1000kg
