

Stick Packing Machine SL190F

Main Features:

1. The machine can automatically complete the products measuring, conveying and feeding, filling and bag forming, date code printing, bag sealing and cutting.
2. Servo motor driven heat seal film pulling system.
3. High sensitive fiber optic photo sensor can automatically trace color mark accurately.
4. PLC control system combined with touch screen, can easily set can change the packing parameters. Daily production output and self-diagnostic machine error can be viewed directly from the screen.
5. PID temperature controller monitors heat sealing temperature within $\pm 1^{\circ}\text{C}$.
6. We can design bag types as client requests.

Technical parameters:

Model	SL190F
Bag length (mm)	140
Bag width (mm)	40-80
Film width (mm)	Maximum 190
Packing quantity	base on needs
Material type	Powder, granules, liquid
Production capacity (bag / mini)	25-30 packs / min
Power	220V/1Ph, 60HZ / 1.2Kw
Air pressure	6 L/min , 0.6Mbar
Seal form	Four sides sealed bag
