

FK-TB-0001 Automatic Shrink Sleeve Labeling Machine

Suitable for shrink sleeve label on all bottle shapes, such as round bottle, square bottle, cup, tape, insulated rubber tape...

Can be integrated with an ink-jet printer to realize labeling and ink jet printing together.

Technical Parameters:

- ◆ Labeling accuracy (mm): ± 1 mm (errors caused by product and label are not concerned)
- ◆ Labeling speed (pcs / min): 60~150pcs/min (influenced by the size of the product and label)
- ◆ Applicable Product Size: Diameter: 28mm~125mm; H: 60mm~280mm
- ◆ Suitable label size(mm): length: 30mm~250mm; Thickness: 0.03mm~0.13mm
- ◆ Applicable power supply: 220V/50HZ
- ◆ Weight (kg): about 400kg
- ◆ Suitable Label: PVC, PET, OPS
- ◆ Applicable standard roll Inner diameter (mm): 5-10 free adjust
- ◆ Applicable standard roll Outer diameter (mm): ≤ 50 mm
- ◆ Power(W): 3100W
- ◆ Device dimensions (mm) (L \times W \times H): about 1550mm \times 1055mm \times 2000mm
