

ZH-130 Continuous Cartoning Machine

ZH-130 is a continuous cartoning machine, which is suitable for carton packaging of drugs, cosmetics, food, auto parts, electronic products, daily necessities and other similar articles. The machine runs smoothly, and the replacement and adjustment of cartons of different sizes are convenient. It can automatically complete the functions of manual folding, carton opening, article manual entering, printing batch number, (socket and hot melt adhesive) box sealing, and automatic output of carton. Configure a series of automatic protection devices to ensure the safe and effective operation of the machine

Technical Parameters

Item	Parameter
Cartoning speed	80-130 boxes / min (depending on carton size)
Carton quality requirements	300-400g/m ²
Size range (L x W x H)	(80-200)mm X (40-85)mm X (16-50)mm
Compressed air	0.5-0.8mpa
Gas consumption	220-260L/min
Power supply	380v 50HZ
Main motor power	1.5kw
Relative humidity	<70%
Overall dimension (L x W x H)	3800*1600*1700mm
Net weight of complete machine	About 2000kg
