UPMACH

SSL-1 Semi-auto Capsule Counter

SSL-1 Semi-auto Capsule Counter is suitable for counting and filling the hard capsules into bottle. It is fixed with automatic counting device. Its operation and maintenance is simple. Counting speed can be adjusted by speed of loading bottles manually. The machine will stop counting automatically when one bottle is full, and start to count when empty bottle is loaded.

Technical Parameters:

Model	SSL-1
Suitable capsule size	00# – 4#
Counting Capacity	500-600 capsules/min
Counting quantity	Adjustable
Motor power	50W
Dimensions	580x450x1100mm
Weight	58kg
