- Machine stop running if no products or incorrect position of products. And stop automatically if incorrect position of product into carton after return
- Product will be manually loaded on conveyer by manual, then other things finished automatically.
- Automatically displaying device for trouble, speed and finished products counting
- Stable performance, operation is easy Controls
- Adopt human-machine operation system.
- No suction carton by missing product

Technical parameters

Encasing speed		30-80 boxes/min
Box	Quality requirement	250-450g/m2
	Dimension range(L×W×H)	(100-350)mm×(100-250)mm×(20-100)mm
Compressed air	Working pressure	≥0.6mpa
	Air consumption	20m3/h
Power		380V/50Hz
Motor power		1.5kw
Machine dimension(L×W×H)		4200mm×1350mm×1900mm
Machine weight		1600kg
