Configuration:

1. Good quality bearing.
2. CHIN safety switch Double insurance, safety and reliable.
3. Italy imported material Belt, durable in use

4. Cylinder: Japan SMC, Germany FESTO
5. SIEMENSPLC and HIMI control system
7. Leutze Sensor from Germany, accurately and sensitive.
8. SEW Motor from Germany.
9. Japan SK-12 Cutter, stainless steel cutter, sharp and durable
10. Schneider Low-voltage apparatus from France
11. Japan Mitsubishi/ Germany SIEMENS Transducer

Option:

1. Color selectable.
2. Full protective cover and safety doors.
4. opposite erecting direction.
5. 220V 3 Phase available.
6. Plug type selectable.
7. Tape lack and break Alarm.
8. Stainless steel.
9. Customized table height.
10. Hot melt glue machine.
