

## Chamber Vacuum Machine HVC-510F/2A

Based on its compact size and its high mobility, the single chamber machine I 30 provides the perfect solution for confined spaces and small to medium packaging capacities. The bag tightly wraps around food products, industrial or consumer goods and can therefore improve their protection, storage, maturing or the final presentation for the customers.

- Ideal for confined places
- Easy packaging of food, industry and consumer goods
- High capacity
- Best for small to medium sized production
- Memory for 5 programs
