

DQFXZ-5050S Auto Fold Carton Sealing Machine

DQFXZ5050S automatic folding cover and sealing machine adopts tape sealing, which can automatically adapt to boxes of different sizes within the sealing range, and does not require frequent manual adjustment of the machine size. In addition, when the size of the box is fixed, after the machine adapts to the size of the box for the first time, there is a button to turn off the mode of the machine automatically adapting to the size, which can quickly seal the box of the same size. This machine can be used alone or with an assembly line. It is suitable for manufacturers in various industries to improve production efficiency and economic benefits.

Specification:

Model	DQFXZ5050
Power supply	AC220V/50, AC110V/60Hz 420W
Max. packing dimension	500(W)* 500(H)* 700(L)mm
Min. packing dimension	200(W)*160 (H)*260 (L)mm
Air Pressure	2/3L, 5Kg/cm ²
Working table height:	600-700mm
speed	18m/min
Width of adhesive tape	48mm. 60mm.
