

## ***SF-FJ2 Automatic Jar Bottle Turmeric Chilli Spice Powder Filling Machine***

The powder filling machine is suitable for filling superfine powder products such as food and daily necessities, such as coffee powder, milk powder, cocoa powder, matcha powder, protein powder, chili powder, curry powder, turmeric powder, corn starch, tapioca powder, etc.

### **Features**

1. This machine is suitable for filling bottles, cans, boxes and other containers. One machine can be used for multiple purposes, increasing the output value of the equipment.
2. The screw measurement is driven by a servo motor, which has the advantages of high precision, fast speed, long life and stable performance.
3. The machine parameters can be set through the touch screen, and multiple groups of product parameters can be stored, making the operation simpler and more convenient.
4. Equipped with multiple high-precision induction electric eyes, no filling if there is no bottle, and no filling if there is no powder.
5. The whole machine is made of SUS304 stainless steel, which has a long service life and meets GMP requirements.

Technical Parameters

Model	SF-FJ2
Filling speed	30-50 bottles/min
Measurement range	100-5000ml(Customizable)
Filling head number	2
Cotainer size	W: φ30-160mm, H: 50-260mm(Customizable)
Hopper capacity	50L/hopper
Power	220V, 50/60Hz, 2.3kw
Machine weight	450kg
Machine size	2500(L)*1100(W)*2100(H)mm
