

LTPK LT-150P Double Side Round Bottle Positioning and Labeling Machine With Date Coder

This round bottle labeling machine can be used for double side labeling. The desktop type labeling machine can save working space, but it can work automatically and accurately after you adjust and test working data. It is widely used to label round bottles like wine

Attention

The shipping way of this machine is sea transportation, only to the seaport, not delivery to home / factory address and without tax, if you need more information or want to change shipping method, please contact with us, we can help you to check that.

Technical Parameters

Voltage :	110V-60HZ / 220V-50HZ
Working Speed :	20-50bottles/min
Suitable Labeling Size :	15-140mm (W) X 25-300mm (L)
Roll inside diameter (mm) :	Φ76mm
Roll outside diameter (mm) :	Φ350mm
Suitable Bottle Diameter :	≤100mm
Package Size:	1285*795*840mm
Package Weight:	118kg
