

## ***DFXC5050DD Double Layer Carton Sealer***

DFXC5050DD Double-sided tape case sealer, designed for taller and narrower cartons. A total of 4 conveyor belts are used to clamp the box for transportation and sealing, which greatly improves the stability of the box during transportation. The new range of case sealers is mainly used to seal and pack cartons individually or as part of a production line depending on the desired unit. Widely used in household appliances, textiles, food, daily necessities, medicine, chemical and other industries.

### **Advantage:**

1. Fast sealing and very economical and easy to adjust
2. Top and bottom sealing
3. The feeding is smooth and the sealing is perfect (tidy, firm, not tearing the box)

### **Specification:**

Model	DFXC5050DD
Adhesive tape used	BOPP, water-free adhesive Tape, PVC adhesive tape
Width of adhesive tape	48mm,60mm
Power sources	220V, 50Hz, 480W
Max. sealing dimensions (W*H)	500*500mm
Min. sealing dimensions (W*H)	130*195mm
Machine size	1650*825*1445mm
