

## ***LT-BP999BJ Automatic Back Sides Sealing Bag Packing Machine***

This large packaging machine is suitable for packaging some large products, such as biscuits, banana slices etc.

The machine has a dual temperature control design to better control the seal temperature, which greatly improves the working efficiency and service life of the machine

### **Application:**

It is suitable for filling granule& powder products, such as flour, rice, coffee powder, coffee beans, seeds, dry fruit, corn, peanut, grain shape chemicals, micro and small components such as general non-sticky solid materials.

### **Technical Parameters**

- Model: LT-BP999BJ
- Filling Range: 20-999g(depends on materials)
- Precision:  $\pm 1\%$
- Power Supply: 220V-50HZ/110V-60HZ 800W
- Sealing Type: Back Side Sealing
- Max Film Width: 42cm
- Bag Length: 3-28cm (adjustable)
- Suitable Packing Material Heat seal bags
- Working Speed: 10-15times/min (depending on materials and packing weight)
- Application: granule& powder products
- Machine Size: 70\*70\*235cm
- Machine Weight: 110KG
