

LT-BP200B Automatic Back Sealing Bag Packing Machine for Powder Granules

This back sealing bag packing machine is controlled by microchip computer and assisted with high precision sensor.

It's able to weighing, filling and packaging in swift and steady way.

The structure of this packing machine is concise and simple, easy to use and able to switch different size of bag former to satisfy different packaging requirement.

Application:

Suitable for flour, rice, coffee powder, coffee beans, seeds, dry fruit, grain shape chemicals, micro and small components such as general non-sticky solid materials.

Technical Parameters

- Model: LT-BP200B
- Voltage: 220V/110V 50/60HZ
- Power: 500W
- Filling Range: 2-200g
- Working speed: 10-15bags/min(depends on products)
- Sealing Type: Back Sealing
- Suitable Packing Material: Heat seal bags
- Machine Size: 50.5*36*163cm
- Machine weight: 65kgs
