

ZPGS65 High Speed Rotary Tablet Press

ZPGS65 High Speed Rotary Tablet Press is a new generation high speed tablet press, which is designed and manufactured with rich experiences in tablet press manufacturing and modern design ideas. This equipment is applicable for large-scale and intensive tablet production. It could press round, abnormal, irregular, two colors and ring shape tablets of various specifications.

Features:

- High speed, high production, high cost-effective.
- Filling feeding system with perfect three rooms: accurate, durable, easy to operate.
- The machine adopts fully automatic central lubrication system.
- Full computer control, super large touch screen, humanized operation.
- Computer real-time control, automatic waste picked out
- The electric cabinet is independent, away from dust.
- Main pressing and prepressing two-step shaped, continuously adjustable.
- Completely independent innovation, professional design, compact structure.

Technical Parameters:

Model	ZPGS65	ZPGS53	ZPGS43
Die type	I series BB type	I series B type	I series D type
Max. capacity (10000tablets/h)	58.5	47.7	31
Max. tablet diameter(mm)	13	19	25
Max. filling depth(mm)	17		
Max. tablet thickness(mm)	8		
Max. pressure(kN)	120		
Max. pre-pressure(kN)	20		
Main motor power(kW)	11		
Dimensions (LxWxH; mm)	1300x1100x2050		
Weight (mm)	3150
