

SW-P250 Triangle Bag Auto Vertical Granule Snack Food Packaging Machine

New exterior appearance and combined type of frame are made the machine become more precision on the whole, the electric box which can be moved combined to the whole machine handily as well as the touch screen does. The Servo Pulling Film System comprises the vacuum pump and planetary gear redactor. It works stably and has long performance life.

Specification

Model	SW-P250
Max film width	250mm
Accuracy	$\leq \pm 1.5\%$
Die way	Single pull
Max packing speed	50 bags/min
Film thickness	0.04--0.09mm
Type of bag making	Triangle bag
Bag size	(L)40-105(w)30-85mm
Voltage	1.7kw, 220v, 50/60HZ
Air consumption	0.8Mps 0.3m ³ /min
Net weight	250KG
Dimension	(L)990X(W)990X(H)1085mm
Package material	BOPP/CPP/VMCPP,BOPP/PE,PET/VMPET,
	PE,PET/PE,etc
