

## ***BSE5038 PE Film Shrink Packaging Machine***

- The BSE series PE film shrink tunnel is suitable for all kinds of shrink films.
- The machine adopts digital temperature controller, which makes operation easier.
- There are shrinking tubes on the top, bottom and sides of the shrinking room.
- The powerful fan inside the tunnel makes the air heating equally.
- The speed of the conveyor is adjustable.
- Conveyor has option of chain roller and iron net conveyor for choice.

### **Specification:**

<b>Model</b>	<b>BSE5038</b>
Power supply	3phase 220V/380V 50-60HZ
Heater power	19KW Adjuster
Conveyor speed	0-10m/minute
Tunnel size(L*W*H)	1200*5000*380mm
Conveyor loading	25KGS MAX.
Machine size	2200*780*1470mm
Machine weight	250KG
Shrink film	PE,POF,PVC,PP
