

Automatic Single Label Paste Labeling Machine

It's one of paste labeling machine, be used to paste label on all kinds of round bottle, to subdividing paper, coating paste labeling, label covering automatically.

Can reduce product process of labeling by worker, improve labeling efficiency. Well proportioned paste, silk shape stripe, no scrap, improve product grade.

Special using in medium or small quality's order, like food, wine line for labeling.

Can be used connect with assembly line

Product feature:

- ◆Using sealed conveyor box, full mechanical transmission, adopt paste to affix all kinds of round bottle label, stability and reliable.
- ◆Can be used by itself, also can be used match with assembly line, adjustment more convenient.
- ◆Saving paste, coating thick or thin as per requirement and well proportioned, no paste wasting
- ◆labeling accurate, high overlapping both label head and label tail, can keep label all on the right place
- ◆High labeling quality, can adjust stripe under silk shape, labeling flat, no scrap, no warping to improve packing grade
- ◆High automation, subdividing paper, sending label, coating paste, labeling, label covering be fulfilled automatically, improve label efficiency
- ◆Easy cleaning, paste plate, doctor knife for paste, coating wheel, be designed individual, clean easy and fast
- ◆High stability, Panasonic PLC + KUNLUN TONGTAI Screen + Panasonic needle electronic eye + Leuze label testing electronic eye as the high grade electronic control, support equipment working at 7*24hours;
- ◆Touch HMI, with Chinese explanation and full damage reminding function, every parameter can be adjusted simply and fast, operation convenient.

Configuration specification:

Electrical equipment	Qty.	Type	Electrical equipment	Qty.	Type
Label stop electric eye	1set	Huron	Main conveyor motor	1set	Wanshsin/OPG/JSCC
PLC	1set	Pioneer	Frequency transformer	1set	TECO
EUT electric eye	1set	Panasonic	Conveyor motor speed controller	1set	Wanshsin/OPG/JSCC
Conveyor motor	1set	Wanshsin/OPG/JSCC	screen	1set	Kunlun tongtai
Labeling speed	30-80p/min				
Labeling accurate	±1mm				
Product scope	diameterφ30mm~φ100mm, height60mm~300mm				
Label scope	width60mm~360mm,height 60mm~150mm				
Voltage	380V				
Out size	L*W*H : 2371mm×794mm×1188mm
