

Automatic High Speed Wet Glue Round Container Labelling Machine

A Specifically designed for Labelling on round Bottles and other cylindrical products used by Pharmaceutical, Beverage, Food, Cosmetics, Ayurvedic, Breweries, Distilleries and other industries.

It is a high speed, rigid and versatile machine engineered for reliability with No Bottle No Label system, No Label No Gluing system and No Label No Coding System enhancing its operational efficiency.

Salient features:

- Suitable for Overlap Labelling & Flag Type Labelling.
- In compliance with cGMP
- Inbuilt vacuum pump.
- Inbuilt VFD for speed control.
- Inbuilt In feed Turn Table.
- “No Container – No Label” –sensor provided to avoid wastage of labels.
- Special self – aligning bearings ensure smooth and Lifetime trouble free rotation of the parts.
- Digital Counter provided for total labelled containers
- Minimum change – over time required from one size to another

Technical Specifications:

- Production Rate: 50 to 150 containers/ min.
- Power Specification: 1.5 H.P, 440 Volts, 3 Phase, 4 Wire System, 50 Hz.
- Container Dia.: 16 mm to 70 mm (max. 90 mm in special machine)
- Label size: Length: 20 mm to 130 mm (max. 180 mm in special machine),
- Width: 16 mm to 90 mm
- Vacuum: 26” Hg. @ 150 LPM displacement (Included)
