

TR-350 Film Banding Machinery

TR-350K high speed automatic banding machine is the new product of our company which absorbs the latest technology at home and abroad, which fills the gap of the end packaging for pharmaceutical companies. It can connect to the box opening, encasing, sealing machine to realize the complete packaging line. This machine and its parts adopt the full advanced design, and imported electrical elements, PLC, human man interface, it makes the whole machine performance more stable and reliable. It can be applied for the pharmaceutical, food, cosmetic area, and it completely meets with the CGMP requirements.

Technical Parameters

Banding Speed	15-25 pcs/min
Banding Size	Max: 240*150*300mm
	Min: 50*60*90mm
Banding Material	PE film(width 30-80mm, thickness at 30-80 um)
Power Supply	220V 50Hz
Total Power	1.5Kw
Air pressure	0.06-0.08Mpa
Weight	500Kg
Conveyor Size	1300*250*800mm
Machine Size	1100*800*1600mm
