

LK-FM500-16 Intelligent Automatic Quantitative Filling Machine

This filling machine with function of weighing, it can weigh when filling process and machine specially designed for filling Pre-determined quantity of free flow Granules and powder, Suitable for tea, food, seeds, fruit, grain, powder, sesame seed, flavour, rice, bean, salt, chemical material, micro and small components such as general non-sticky solid materials.

Technical Parameters

Model	LK-1000
Product name	groundnut packaging machinery
Voltage	220V-240/110V
Size	560*840*1650*
Film width	360-440mm(Custom)
Application	Granules/Powder/Special /Shape/Long Products etc
Bag width	170-210(Custom)
Certification	CE, ROHS, FCC
