

AF-10000H Round Table High Speed Sealer

This Round Plate Aluminum Sealing Machine is the new type of our company's R&D, which cooperate with the needing of production specification and the producing line. Suitable for plastic bottles, HDPE, PS, etc, such as Yakult, lactic acid drinks and other products.

1. High efficiency, which can seal from 450 to 600 bottles per minute.
2. Keeping completing fresh with the moulding induction, which is convenient to tear open, the effect of sealing up is excellent.

SPECIFICATIONS

MODEL	AF-10000H
Power Output	10000W
Input Voltage	220V/1ph
Max. Current	25A
Cap Diameter	10~40mm
Belt Speed	0~450m / min
Sensor	Liquid Cooled
Generator Type	MOS-FET
Frequency(KHZ)	70K/Hz
Generator Size	850*610*1200/mm
N.W	200KG
