

LT-BP1200P Pneumatic LCD Screen Large Bag Packing Machine

The machine adopts advanced microcomputer control system, with automatic weighing between 20~1200g.

Double vibration design, fast discharge. The back seal design is adopted to meet the needs of customers for large bags.

The machine is recommended to be used together with the material feeding machine to save manpower and improve efficiency.

Application:

Suitable for flour, rice, coffee powder, coffee beans, seeds, dry fruit, grain shape chemicals, micro and small components such as general non-sticky solid materials.

Technical Parameters

- Model: LT-BP1200P
- Voltage: 220V/110V 50/60HZ
- Power: 800W
- Driven Type: Electric-pneumatic combination
- Filling Range: 20-1200g
- Working Speed: 10-20bag/min(depend on material)
- Max film width: 48cm(Can be customized)
- Bag length: 0-39cm adjustable
- Sealing Type: Back side seal
- Machine Size: About 76*70*230cm
- Machine size: (with feeding machine)
About 300*120*320cm
