

## ***DK-220/DK-350 Automatic Biscuit Pillow Packaging Machine***

Dustial Machinery® Automatic Biscuit Pillow Packaging Machine is energy-saving, power-saving and high-efficiency. It can also adjust functions and improve technology according to the needs of different markets. It can not only retain its advantages but also keep pace with the times. The advantages of Dustial Machinery's packaging machine are remarkable, with functionality, practicability, economy, intelligence, high technology, and a wide range of packaging products, such as daily necessities, hardware accessories, plastic products, food, etc. All can be packaged with a packaging machine.

The key parts of the Automatic Biscuit Pillow Packaging Machine are made of stainless steel, in line with food QS and pharmaceutical GMP hygienic standards; double frequency conversion control, automatic memory and storage of 12 sets of packaging parameters, can quickly replace the packaging, convenient and fast, excellent performance; high-sensitivity electric eye automatic tracking, no need to Manual adjustment, accurate size and position of sealing and cutting, strong and beautiful sealing; independent PID intelligent control of temperature, stable temperature control, better suitable for various packaging materials; color touch screen display, positioning stop, automatic fault diagnosis function, the display is clear at a glance; automatic production counting, Quantitative and fixed production, accurate and clear packaging output; simple mechanical design and transmission system, more reliable work, and more convenient maintenance; can be equipped with nitrogen or mixed gas, production date coding system according to user product packaging requirements; upper paper feeding mechanism, There are two feeding methods: pushing block feeding type and packaging film direct feeding type.

## Parameters

Type	DK-220	DK-350
Film width	20mm	350mm
Bag length	60-160mm	90-350mm
Bag width	30-100mm	50-160mm
Product height	5-35mm	50-160mm
Film roll diameter	300mm	300mm
Packaging speed	25-200	25-200
Power	220V 50/60Hz 3.2kw	220V 50/60Hz 5.2kw
Machine size	L3890×W910×H1390 mm	L3930×W1010×H1390 mm
Machine weight	420Kg	460Kg
