

Semi Automatic Adhesive Tape Carton Sealing Machine

Product introduction:

1. This machine mainly used for the sealing carton box or paper box. It can work singly, and also work in the pipeline.
2. It adopts the adhesive tape to seal, high efficiency and easy to adjust. It can seal both up and down sizes in one time.
3. It is mainly used in chemical fiber industry, tobacco industry, and pharmaceutical industry, publishing industry, refrigeration and conditional industry, appliance industry, ceramic industry, foodstuff industry.

Product parameter:

Max sealing size	W500×L600mm
Min sealing size	W180×L120mm
Tape width	36mm 48mm 60mm
Work table height	550-750mm
Used tape	Kraft paper tape, BOPP tape
Sealing speed	18m/min
Power	220V 50HZ 180W
Size	1720×740×1130mm
Weight	130kg
