

Carton Sealing Machine FXJ-5050B

The machine are operator fed and designed for heavy duty applications. These machines are reliable, cost-effective and durable providing savings to your production process. More importantly, these machines provide a professional looking seal. The FXJ-5050B Semi-Automatic Uniform Carton Sealer with Easy Manual Carton Size Adjustment has a 4-belt design (2 side, 1 top, and 1 bottom). The machine comes complete with infeed/exit conveyors, casters, power cord, and plug.

The operator simply folds the top flats of the corrugated carton and feeds it into the machine. The FXJ-5050B applies a single tape to both the top and bottom of the case simultaneously. The FXJ-5050B can be easily adjusted in only seconds to process a different size carton.

- Excellent for heavier boxes.
- Adjustable height of table
- Heavy duty frame
- Manually adjust height and width of machine for each box size
- Suitable for heavier cartons
- Top/bottom and side driving
- Operator feeds and folds flaps into machine

Parameters:
