

A751LC Vertical Carton Labeling Machine

Carton feeder is designed for on demand labeling and/or inkjet printing. A751LC carton feeder can reduce the inventory level of pre-printed carton.

- Stainless steel construction
- Bulk Supply of Carton feeder
- Transport with both side opened for installation of label applicator or Ink Jet head
- Optional restacking collection module – Add when you need

On Demand Printing/labeling and Just-In-Time are the key successful factors of today's production environment. Vertical feeding offers the benefits of bulk supply of carton, labeling and coding on both sides of the flat cases in one pass. Inspection system can be added for data verification with optional rejection mechanism.

Technical Parameters

Model :	A751LC
Name :	Vertical Carton Labeling Machine
Capacity :	40 – 60 cartons per minute
Weight :	500Kg
Electricity:	220V 50/60HZ 1.5kW
Dimension(for reference) :	(L)3824 x (W)1275 x (H)1047mm
