

S-CF-05 Bag-in-box Packing Machine

Arrange prefilled bags and transfer the group into a shipping case. S-CF-05 combines bag infeed, grouping, case handling and closing for a project-specific packing arrangement.

Grouped prefilled bags in an outer case

Bag weight alone does not establish compatibility. Bag dimensions, stability, case construction and the required loading pattern must be reviewed together.

Specifications

Prefilled bag weight, listed	0.2–5 kg
Bag dimensions	Project-specific
Reference case, L × W × H	300 × 250 × 200 mm
Power supply	380 V AC, 50 Hz, 3N+PE; 6 kW
Air supply	0.6–0.8 MPa; 150 L/min
Dimensions, L × W × H	4,200 × 1,800 × 1,700 mm
Weight	1,100 kg
Controls	PLC and touch-screen HMI
Rated output	To be confirmed against bag count and case pattern
