

DZ600/2S Vacuum Packing Machine

DZ600/2S vacuum packing machine sealing line length is 600mm, equipped with 3 well-known vacuum pumps, LCD screen showing vacuum time and sealing time, can be set the relevant parameters according to the product, is one of the high cost performance equipment in the double room vacuum packing machine.

Characteristics:

- * Single and double sealing are both available
- * Additional inflatable function
- * Customizable automatic cover function
- * Imported electrical configuration, stable performance

Variants & Options:

- * Vacuum packing machine
- * Length of sealing
- * Chamber size
- * Voltage
- * Busch pump
- * Automatic swing cover

Technical Parameter

Model	DZ600/2S
Dimension of vacuum cabin	L700*W610*H125mm
Sealing line dimensions	600mm*8mm*2
Center distance	490mm
Packing efficiency	180-300 times per hour
Shape dimension	L1405*W725*H920mm
Voltage	380v 50Hz
Averrent drain	3kw
Machine weight	380kg
