

FM-100 Intelligent Weighing and Filling Machine

The new system computer board, more durable and stable convenient, advanced technology, more reliable, mature and professional technology. It's suitable for granule, medicinal herbs, seeds, food, sesame seeds, grain crops, rice, salt, spices, beans, chemical components, electronic components etc.

Technical Parameters

Model	FM-100
Working voltage	220V / 110V
Working Power	150W
Filling range	1-99g
Precision	±0.3g
Speed	3-10times/minute
Appearance of the material	Stainless steel
Machine size	400*280*500mm
Weight	10Kgs
