

Double Cone Blender – 1, 2, 3 & 5 Kgs (SDC)

The Double Cone Mixer is designed for efficient blending of powders and granules, ensuring uniform mixing. Ideal for pharmaceutical and food industries, it operates on the free flow principle, making it suitable for rapid blending. The SDC model is constructed from high-quality stainless steel, ensuring durability and easy maintenance. Available in various sizes with capacities ranging from 1 kg to 5 kg, this mixer can handle both small and large batches.
